The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

Substantial effort has been put by IQAC to ensure an environment of excellence in all aspects of teaching and learning and also focused on to improve the quality of education and evaluation. The IQAC academic audit is carried out by the Principal. This was done in three stages.

1. All the teaching staff members submitted semester plan for conduct of theory and practical classes to their respective head of departments.
2. Monthly reports are collected from the teaching staff where in teachers give information regarding coverage of syllabus during that particular month. In case where syllabus was not covered as per schedule, the teachers were accordingly advised

3. At the end of the semester (during the internal audit) the teaching staff submits the monthly monitoring sheets to the respective heads of departments and through the ISO MR (Management Representative) it is submitted to the Principal who examines whether the entire syllabus has been completed as per the initial planning and appropriate steps are initiated.

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

- ✓ IQAC should organize and deliver lectures from time to time to make the students aware of the changing global scenario. Students should be given support service in seeking jobs opportunities not only locally but also globally. It is the duty of the IQAC to cultivate skills, competencies and value among students. These should be imparted to the students through courses and activities.
- ✓ At the beginning of an academic year, IQAC sends a format to the Heads of Departments and support services to the students to be undertaken throughout the year. This will help IQAC to know the working of each Department and will help to prepare an Action Plan of the Institution. Monitoring of the working of the Departments may be done through meeting of the IQAC and this will direct the future course of action.
- ✓ It is the responsibility of the IQAC to motivate and to maintain Academic Diary day wise to the faculty members. It will help ensuring quality of teaching and accountability

Criterion – VI

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Our Vision

We impart futuristic technical education and instil high patterns of discipline through our dedicated staff who set global standards, making our students technologically superior and ethically strong, who in turn shall improve the quality of life of the human race.

Our Mission

Our mission is to educate students from the local and rural areas and from other states so that they become enlightened individuals, improving the living standards of their families, industry and society. We provide individual attention, world-class quality of Technical education and take care of character building

6.2 Does the Institution has a management Information System

Yes, Management information system is being used in accounts department, administration department and other departments.

Some of the MIS are

- ✓ Daily Absent Report (Staff)
- ✓ Daily Absent Report (Students)
- ✓ Monthly Defaulter Report

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

Curriculum involves interaction between teachers and earners, between learners and Learners, between learners and curriculum content.

The focus of teaching is more on making of meaning through learning than the transmission of concepts and skills.

Teaching is a complex endeavour. The following points were implemented by AITS for Curriculum Development for course set-up and teaching methodology

- ✓ Problem Identification in an area and General needs assessment
- ✓ Needs assessment of targeted learners
- ✓ Goals and objectives on chosen subjects or area
- ✓ Educational Strategies on chosen subjects
- ✓ Implementation
 - Introduction of curriculum
 - Administration of curriculum
 - Refinement of curriculum
- ✓ Evaluation and feedback
 - Individual evaluation
 - Program evaluation
 - Finding of outcome

6.3.2 Teaching and Learning

AIT follows the given methods for teaching and learning

✓ **Mass Teaching**

(Conventional lectures and taught lessons; Film and video presentations; educational broadcasts; mass practical work)

✓ **Discrete learning**

(Directed study of texts, study of open-learning materials; mediated self-instruction ;)

✓ **Group learning**

(Class discussions; seminars; group tutorials; games and simulations; group projects; etc.)

Along with above, each (core) subject combination is supplemented amply by co-curricular and extra-curricular programmes. Learning by doing to encourage the students to plan, probe, verify and experiment on a wide spectrum of issues, dialogue, discussions and debate which provides awareness for thinking and action

6.3.3 Examination and Evaluation

- All components in any programme of study are evaluated continuously through internal evaluation and an external evaluation. Internal evaluation is done throughout semester/year in the form of mid examinations and assignments. External evaluation is done at the end of semester/ year in the form of end examination.
- Question paper setters for end examination are from outside the college. Subject experts from our institute prepare the scheme of evaluation, giving guidelines for the examiners for distribution of marks for different points in the question. In case of numerical problems, solution of the problems with distribution of marks for different stages should be given in scheme of marking. Feedback on question paper will be collected from subject experts to improve the quality of questions in future. Evaluation of answer scripts will be done by the external examiners from other colleges and universities.
- The method of evaluation involves coding & decoding of answer scripts to ensure unbiased evaluation. Evaluation process is transparent. Institute communicates the outcome of the evaluation by publishing results on the internet through Institute website.
- Students shall be permitted to request for recounting/ reevaluation of the end theory examination answer scripts within a stipulated period after announcement of the results.
- After recounting or reevaluation, records are updated with changes if any and the student will be issued a revised memorandum of marks. If there are no changes, the student shall be intimated the same through a letter or a notice.
- Based on the credits and marks obtained by the student Credit Point Average (CPA) will be calculate for semester/year and Cumulative Credit Point Average (CCPA) will be calculated for entire program. Award of class will be finalized based on CCPA.

6.3.4 Research and Development

Research and Development cell is an integral part of the activities of Annamacharya Institute of Technology & Sciences. The Institute conducts research investigations within its academic programmes under all the departments and the Academic Research Centres.

This cell is one of the wings of the Institute which facilitates, channelizes, records, and regulates all the academic, sponsored, collaborative research projects and consultancy works in the Institute. The objective of the Research Cell varies from the advancement of theoretical knowledge to development of new technology to solve practical problems.

The research conducted till now has covered areas such as theoretical and applied aspects of core science (physics, chemistry and mathematics), information and communication technology, electronics, electrical, artificial intelligence, machine design, manufacturing, product design, management, social sciences etc. The research projects have also acted as the training ground for the young post-graduates of our college.

6.3.5 Library, ICT and physical infrastructure / instrumentation

Physical Infrastructure

8. Plans of institution for next year

We are planning to improve more and more on student's quality based on the following:

Academic Excellence

Using a Fixed Learning Policy and then inform our students that how it works.

A word of attention: fixed learning does not mean a guaranteed passing grade and not every student will succeed by completing their program of study, but every student is worthy of exceptional effort being made using every available means to ensure their successful learning of the course objectives. Any guaranteed learning policy should provide for extra help outside of regular class time and the possibility of retaking courses or units.

The administration and teaching staff in colleges will focus on academic excellence often speak of a readiness to spend extra time, both inside and outside of class, to help students who are struggling.

Student Centric core –value

- ✓ The admissions process becomes more focused on students' needs, dreams and goals.
- ✓ Improving the chances of student success involves giving practical life assistance to those students who need a hand-up rather than a hand-out
- ✓ Implement a merit awards system in the college
- ✓ Personal and financial counselling
