The Standing Committee for Affiliation has identified the following deficiencies and recommended to rectify the same and submit a compliance report.

1. The Department of ECE runs 4 M.Tech. programmes (three in 1st shift and one in 2nd shift). However, the department has no qualified Professor or Associate Professor.
2. Total intake of I B.Tech being 780 students, a minimum of only 13 lab sessions is required at the rate of 60 students per session. However, a maximum of only 12 lab sessions are possible in a week. Therefore, sufficient equipment and space should be provided in Physics lab, Chemistry lab, Mechanical workshop and IT workshop.

3. CE, EEE, ECE branches and MBA programme require additional faculty to meet the student/teacher ratio as per norms
4. In order to maintain computer to student ratio for PG programmes, the college has to procure 350 additional computer systems
5. Conduct of M.Tech labs in ECE department is poor. The learning outcome of students from the laboratory experiments is far below the standards of M.Tech particularly in the case of VLSI system design and DECS specializations.
6. Laboratories for ensuing III B.Tech of CE branch should be established
7. Principal's appointment is not ratified by the University. Less than 33% of the appointments of the teaching faculty are ratified (54/168 are only ratified)
8. ECE branch requires computer systems with sufficient RAM to run MATLAB software in Simulation and Signal Processing Labs. It is observed that the old systems present in the above labs do not have sufficient RAM.
9. The following points are given based on the interactive sessions held with students and faculty:
 - a) Amenities like drinking water, toilets and street lights in the campus need improvement
 - b) Campus placements are to be improved
10. Teacher to Student Ratio is to be improved to 1:12 from MBA 1:60; MCA 1:26; for UG to 1:15 from EEE 1:31; ME 1:19; ECE 1:28; CSE 1:21; IT 1:20; CE 1:60
