

# Yearly Status Report - 2019-2020

Part A		
Data of the Institution		
1. Name of the Institution	ANNAMACHARYA INSTITUTE OF TECHNOLOGY AND SCIENCES	
Name of the head of the Institution	Dr. SMV Narayana	
Designation	Principal	
Does the Institution function from own campus	Yes	
Phone no/Alternate Phone no.	08565251861	
Mobile no.	9666675279	
Registered Email	aitsap@yahoo.co.in	
Alternate Email	narayanasama@yahoo.co.in	
Address	AITS, New BOyanapalli, Rajampet, Kadapa(District), Andhra Pradesh-516126	
City/Town	Rajampet	
State/UT	Andhra Pradesh	
Pincode	516126	

	us				
Autonomous Status (Provide date of Conformant of Autonomous Status)			04-May-2011		
Type of Institution			Co-education		
Location			Rural		
Financial Status			Self finance	d	
Name of the IQAC c	o-ordinator/Directo	r	K. Ajay Kuma	r Reddy	
Phone no/Alternate I	Phone no.		08565251862		
Mobile no.			9703926212		
Registered Email			aitsap@yahoo	.co.in	
Alternate Email			iqac.aitsr@g	mail.com	
3. Website Address	S		I		
Web-link of the AQAR: (Previous Academic Year)		<u>https://aitsrajampet.ac.in/images/pd</u> <u>f/aboutus/AQAR-2018-19.pdf</u>			
4. Whether Acaden the year	nic Calendar pre	pared during	Yes		
if yes,whether it is uploaded in the institutional website: Weblink :			rajampet.ac.in I-III-IV-BTech 9-20-min.pdf		
5. Accrediation Det	tails				
Cycle	Grade	CGPA	Year of Accrediation	Valio	dity
2	A	3.03	2019	Period From 01-May-2019	Period To 30-Apr-2024
	<b>*</b> *			JI 1107 2017	
6. Date of Establis	nment of IQAC		12-Jan-2012		
7. Internal Quality	Assurance Syste	m			
	Quality initiatives	s by IQAC durina t	he year for promotin	g quality culture	
Item /Title of the qu	-		Duration	Number of participa	ants/ beneficiaries

IQAC		
Regular Meetings of Internal Quality Assurance Cell	11-Mar-2020 1	30
Induction Program for first Year students	12-Aug-2019 02	700
Awareness on Assessment methods	03-Aug-2019 03	20
AISHE data Submission	31-May-2020 05	5
Participation in NIRF ranking	14-Dec-2019 07	10
NBA SAR Preparation	23-Nov-2019 60	20
Academic and Administrative Audit	16-Mar-2020 08	5
	View File	

# 8. Provide the list of Special Status conferred by Central/ State Government-UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/Departmen t/Faculty	Scheme	Funding Agency	Year of award with duration	Amount
NIL	NIL	NIL	2020 0	0
No Files Uploaded !!!				

9. Whether composition of IQAC as per latest NAAC guidelines:	Yes
Upload latest notification of formation of IQAC	<u>View File</u>
10. Number of IQAC meetings held during the year :	1
The minutes of IQAC meeting and compliances to the decisions have been uploaded on the institutional website	Yes
Upload the minutes of meeting and action taken report	<u>View File</u>
11. Whether IQAC received funding from any of the funding agency to support its activities during the year?	No
12 Significant contributions made by IQAC during t	the current year(maximum five bullets)

bullets) AC during the current year(maximum five

Collection, analysis of Feedback from all stakeholders and action taken for improvement. Academic Administrative Audit (AAA) conducted. An Awareness Program on Implementation of OBE and its Assessment is conducted. Participation in NIRF. Applied for a New Undergraduate course - Artificial intelligence and data sciences for the academic year 202021.

#### <u>View File</u>

# 13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

Plan of Action	Achivements/Outcomes
5. Students satisfaction survey is planned.	Student Satisfaction Survey is taken from the students through google forms.
4. To improve teacher quality by encouraging and supporting them to participate in workshops, conference, seminars etc.	The number of faculty development programs, workshops has been conducted for the faculty to enrich the knowledge and to be competent with outside world.
3. Preparation and Submission of data to AISHE	Submitted data in AISHE web portal
2. Monitoring student progression through Mentoring	Student mentoring is a continuous process and it is being done effectively. The attendances, internal and external marks of the students are shared to their parents for information and a necessary action towards their ward.
1. To conduct at least three meetings with all the members of IQAC.	In the academic year 201920, we could conduct only 02 meeting with the members of IQAC due to Accreditation work for NBA
Vie	<u>w File</u>
4. Whether AQAR was placed before statutory ody ?	No
5. Whether NAAC/or any other accredited ody(s) visited IQAC or interacted with it to ssess the functioning ?	No
6. Whether institutional data submitted to NSHE:	Yes
ear of Submission	2020
Date of Submission	31-May-2020
7. Does the Institution have Management nformation System ?	No

RITERION I – CURRICU	JLAR ASPECTS		
– Curriculum Design ar	nd Development		
1.1 – Programmes for whic	h syllabus revision was cai	ried out during the Academic yea	ir
Name of Programme	Programme Code	Programme Specialization	Date of Revision
BTech	G6	Civil Engineering	07/07/2019
BTech	G2	Electrical & electronics Engineering	07/07/2019
BTech	G5	Mechanical Engineering	07/07/2019
BTech	G3	Electronics and Communication Engineering	07/07/2019
BTech	G1	Computer Science and Engineering	07/07/2019
Mtech	P8	Structural Engineering	07/07/2019
MBA	P1	Master of Business Administration	07/07/2019
MCA	P2	Master of Computer Applications	07/07/2020
Mtech	P7	Electrical Power Systems	07/07/2019
Mtech	PF	Machine Design	07/07/2019

1.1.2 – Programmes/ courses focussed on employability/ entrepreneurship/ skill development during the Academic year

-	-						
	Programme with Code	Programm Specializati		Date of Introduction	Cours	se with Code	Date of Introduction
	BTech	Civil Engineeri		10/05/2012		ironmental cience	07/05/2017
	BTech	Civil Engineeri		10/05/2012	and	/draulics Hydraulic chinery	07/05/2017

4 – Feedback System		
4.1 – Whether structured feedback re	eceived from all the stakeholders.	
Students		Yes
Teachers		Yes
Employers		Yes
Alumni		Yes
Parents		Yes
naximum 500 words)	being analyzed and utilized for overall c	development of the institution?
Feedback Obtained		
which allows the college to student learning experience Process: The feedback from Feedback questionnaire cate	comprises of the collection co continually monitor and in a and for holistic development the stakeholders is obtained ers to the various aspects of lities, library, administration	mprove the quality of the ent of the institution. ed at different stages. of the college like

drinking facilities, washrooms, computing facilities and canteen. Feedback from the parents is collected during parents meeting or during parent teacher interactions. Feedback from alumni is taken during the gathering of alumni i.e. second Sunday of every year in the month of December. Feedback is also

collected from the teachers for the design and development of curriculum. The feedback questionnaires will be given by IQAC and the same will be refined as per the requirement in order to formulate the questionnaire with quality. Student feedback: Student feedback is taken at the end of the semester and the collected information is analyzed. The points are calculated according to the rating given by students on a scale of 1 to 5 as poor(1 point), average(2 points), good(3 points), very good(4 points) and excellent(5 points). The average and percentage of various criteria are calculated. Action Taken: The summary of the students' feedback is elucidated as strengths and weaknesses. These strengths and weaknesses are discussed in the meeting of concerned committees and decisions are made for future development. Parent Feedback: Feedback is also taken from the parents during Parent meetings organized by the institute. Action Taken: Responses and comments given by them are put forward for the development. Teacher Feedback: Feedback on courses is taken from the teachers on a scale of 1 to 5, as poor(1 point), average(2 points), good(3 points), very good(4 points) and excellent(5 points). The percentages are calculated. Action Taken: The summarized information is sent to the feedback committee of individual departments for further proceedings which helps in the design of curriculum. Alumni Feedback: The feedback from the alumni for identifying the strengths and weakness of the institute and the same is considered for the development. The different areas where improvements are required are discussed in respective committees. The proposals given by the different committees and departments are discussed in Governing Body of the college for necessary action.

#### **CRITERION II – TEACHING- LEARNING AND EVALUATION**

#### 2.1 – Student Enrolment and Profile

#### 2.1.1 - Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled

#### 4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

Assigned Budget on academic facilities	Expenditure incurred on maintenance of academic facilities	Assigned budget on physical facilities	Expenditure incurredon maintenance of physical facilites
100	92.32	850	803.17

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website)

Physical, Academic Facilities: Physical infrastructures like classrooms, Gallery, seminar halls, toilets, ladies waiting halls are maintained by the supervisor under the supervision of AO's.. To maintain hygiene the classrooms, seminar halls, toilets are cleaned twice in a day. Adequate in-house workers are employed for maintenance on the campus to clean classrooms, staffrooms, seminar halls and laboratories. Dustbins are located at appropriate places. For maintenance of electrical works, plumbing are available in the campus as inhouse workers. Regular cleaning of water tanks, removing the garbage to maintain cleanliness is done by the workers. Laboratory: Laboratory maintenance is regularly done by the concerned lab technicians under the supervision of Labin-charge and the same is recorded in maintenance register. Lab-in charges are responsible for the safe and smooth functioning of the equipments and facilities. Stock registers and consumables are recorded regularly by the lab in-charges. The record consists of information related to the service of equipments, periodical repairs or damaged and the same is submitted by the head of the department to the principal for approval if any. Log books are maintained in each laboratory to ensure entries and problems encountered during the laboratory session. Depending on the necessity the service is being done periodically by the concerned technicians from the enterprises or suppliers of the equipment. Library: Central Library is automated partially with Inspro plus software. Software is used to assist the library for operations like acquisition cataloguing, circulation, OPAC, stock verification etc. For procurement of books, journals, references the recommendations are called up from each department and put forth the same before the library committee. The library committee recommends the books, references, journals for procurement. The central library is also equipped with computers with internet facility to access the information digitally. Books are stacked systematically in the stacks branch wise separately to ensure easy access for the faculty and students. The reference books are placed in a section separately for easy access. The library committee looks after the maintenance, procurement, disposal of old versions of the books. The stock registers are properly maintained by the librarian. Sports: Sports utilities are made available for all the students. Ball Badminton, Tennis court , Cricket ground, football ground, handball, Volleyball courts are maintained with lush greenery by the workers under the supervision of physical director. Sports utilities are issued to the students after depositing the Student ID after the regular class work. Sports committee will look after the preparation of schedules, conducting the games and sports regularly. The physical director keeps a well-maintained record of all the sports utilities. Ground staff regularly performs the marking of the play fields, and makes the courts for practice matches. Computers: The computer laboratories are completely maintained by the respective lab Technician allocated for each laboratory. The stock register, log books are maintained by the lab technicians under the supervision of a lab in-charge of respective department. The allocation of labs for regular academic works and

#### examinations is completely monitored by the central computer lab coordinator.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

A Student Council is a representative structure for students, through which they can become involved in the affairs of the institution, working in partnership with college management, staff and parents for the benefit of the institution and its students. Six different post of students' council i.e. General Secretary, Technical secretary, Cultural Secretary, Sports Secretary, Magazine Secretary and Ladies Representative are allocated to each department based on rotation system. Each department selects their representative from students and staff for the allocated post. Student representatives from the council take part in various decisions making, academic and administrative works based on the quorum and meetings at their level. Student members are involved in several Technical and Extra-curricular activities at institute and departmental levels.. General Secretary look after all the activities of student council and take part in taking decisions and will approach the higher authorities to propose or to solve the issues or problems raised by the students community through council members. Ladies Representative will look after the women welfare. Issues and Problems are solved by decision making. Sports secretary Tentatively plans the sports schedules in consultation with the physical director and the same is placed in the calendar. The adequacy of the sports facilities will be addressed by the secretary. Technical secretary address the students involvement in various professional body chapters like ISTE, ASME, ASCE, IEI, IEEE etc. Also look after the national level technical fest "ANNAMACHARYA TALENT MEET" conducted every year to encourage the students for paper presentations to enhance technical and communication skills. Cultural secretary look after the implementation of cultural activities as per the calendar to the all-round development of students. Also Schedules in coordination with a faculty member. Magazine secretary collects the information of various activities like technical sports, cultural and any other developments organized in the institute and publish the same in the magazine twice in a year. In all the activities students are encouraged to participate for the improvement of leadership skills.

#### 5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Alumni Association of Annamacharya Institute of Technology and Sciences (AITS) is a registered society (Regd. No: 35/2008, registrar of societies, Kadapa). The primary objective is to enroll all alumni as members of the association and facilitating active participation of the alumnae in appropriate activities, events, and initiatives of the Institute. The AITS Alumni Association is an official unit of the Institute with the secondary objective of facilitating the pleasant and friendly interface to all the AITS alumnae and creating a single semantic web of AITS fraternity. The AITS is truly proud of its brilliant alumni who are currently positioned all over the globe and have distinguished themselves in all spheres of high-end engineering and technology. Mentorship: Alumni are expected to play an active role in voluntary programs such as mentoring students in their areas of expertise. Institute is to utilize the rich experiences of old students and to assist the present students in securing suitable jobs.

5.4.2 – No. of registered Alumni:

824

5.4.3 - Alumni contribution during the year (in Rupees) :

110500

5.4.4 - Meetings/activities organized by Alumni Association :

#### 01

### **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice-1: Curriculum development for new regulations AITS commits for quality at various levels. Among them curriculum development is the most crucial one, which place the students as distinctive. All the stakeholders are involved in designing and implementation of the new regulations which is decentralized activity. The course coordinators in the department consider the Alumni feedback, Model Curriculum given by AICTE, other renowned universities and opinions of industry experts in the same area for framing the syllabus. The proposed syllabus is forwarded to the Department Advisory Board(DAB) for approval. The Department Advisory Board discusses deliberately and the recommends the same to the chairman of Board of Studies. The chairman of Board of Studies, experts from various bodies discusses deliberately and brought up with the recommendations for finalizing the curriculum. The formulated curriculum is reviewed by the Academic Council and if it is satisfactorily made then it will be sent to the governing body for their final approval. If the curriculum is not satisfactorily made then it will be sent to Board of Studies for revision. The entire process is completely decentralized i.e., participative bottom up approach is followed so as to enable all the stakeholders in decision making. Practice -2: Leadership abilities and Participative management: The students, faculty are involved in various committee to work effectively and to take appropriate decisions and to acquire managerial skills. Student Council play an important role in the conduct of events related to technical, sports and cultural activities where students are involved in decision making and indirectly helping them to acquire leadership skills. The technical committee organizes the event titled "ATM" every year for encouraging the students to display their stuff. The technical secretary consists of members from students and organizes the events under the guidance of teaching and non-teaching staff of college. The cultural secretary conducts various competitions throughout the year for encouraging the students in consultation with a faculty coordinator. Sports secretary in consultation with the physical director plans and schedules the sports throughout the year.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

Strotogy Type	Deteile
Strategy Type	Details
Curriculum Development	The program curriculum development committee constitutes the chairman o the board of studies, university nominee, subject expert and members from the department considers the feedback from the faculty, students, parents, alumni, industry experts and standards proposed by professional bodies and Model curriculum proposed 1 AICTE. Based on the feedback the recommendations are proposed and presented to the Board of Studies. Th chairman of Board of Studies, expert from various bodies discusses deliberately and brought up with the recommendations for finalizing the curriculum. The formulated curriculum is reviewed by the academic council at then sent to the governing body for t
	final approval.
Teaching and Learning	The instructional comprises of both ICT and traditional methods. The classrooms are facilitated to the new modes of teaching and learning. The focus is made on Student centric approach by involving the learners participate actively. The faculty members are trained on ICT methodologies. The faculty members ar also encouraged to attend faculty development programmes, workshops, seminars to cope up with the technological advancements in their respective field. Participative learning method is adopted for effective learning.
Examination and Evaluation	To maintain the efficacy in the conduct of examinations and evaluation two sets of questions papers are set if outside subject experts from reputed institutions approved by the Board of studies. 30 of the marks are allocated as internal marks through Continuous evaluation which are evaluated by the respective faculty and 70 marks are allocated to Semester end examination. The semester end examination evaluation is done by external subject experts identified by the chief controller of examinations from time to time. Revaluation facility is provided to the students. Internal Scrutiny is done after the external evaluation for the discrepancies' in the interest of the

	students not to lose their credibility.
Research and Development	A research committee is placed in forth to motivate the faculty towards research for the holistic development of the institute. The committee also organizes workshops on paper publishing, effective paper writing skills etc., Research proposals are prepared and send to the funding agencies like DST, SERB, DBT etc. Encouraging the students to work on new ideas and making them realistic through publishable papers. Financial assistance is provided for the faculty to attend the conferences for presenting the papers.
Library, ICT and Physical Infrastructure / Instrumentation	Central library has a large collection of books, journals, competitive examination books inspirational talk on various disciplines covers employability and academics. Library also consists of mythological and encyclopedia books for access to students. Issues and returns of the books are completely computerized. It also collects rare books, manuscripts, special reports to benefit the students and faculty for their knowledge enhancement. Every department is provided with LCD projectors, and overhead projectors to enable ICT method of teaching. All the departments and various functioning units are provided with all the required infrastructure facilities like classrooms, seminar halls, faculty rooms, girls waiting halls, and laboratories.
Human Resource Management	Faculty members are recruited as per the norms of AICTE. Faculty members are also involved in administrative works wherever necessary. Faculty members are encouraged to attend workshops, faculty development programs, short term courses and conferences.
Industry Interaction / Collaboration	Workshops and seminars are being organized to the students in collaboration with industry. Students are encouraged towards internships to get a real time work experience. Industrial visits are scheduled periodically. Industry people are also participating in the development of curriculum wherever it is possible.
Admission of Students	Admission of students into the institute for both undergraduate and

post graduate are based on the common
entrance tests conducted by the
Government of Andhra Pradesh like,
EAMCET for undergraduate and PGECET
ICET. Seats in each programme in the
institute are classified into two-
categories i.e., Category-A and
Category-B. Category -A seats leading
to a total of 70 shall be filled
through counselling as per rank secured
by the candidate in the common entrance
test leading Category-B seats leading
to a total of 30 shall be filled by the
institute as per GOs issued by
Government of Andhra Pradesh.

6.2.2 - Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	Important information is disseminated through SMS for all the stakeholders. Notices and circulars are placed in the website for the information and also displays on LCD TV in the main building. Students select the elective subject through Google forms.
Examination	Examination schedules are displayed in the Institute website. Examination Fee payment is made online. After the evaluation the marks are computerized and the results are automated to the institute website.
Student Admission and Support	Information on Academic calendar, Course curriculum and timetables are displayed in the website.

#### 6.4 – Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

Internal and external audits are carried for all the financial activities during the financial year. The accountant maintains all the financial statements and submits them to the requested authorities as when required. The internal Audit committee consists of 05 members. Internal Audit committee verifies the bank account transactions, ledgers, bills, cashbook, cash flow and vouchers physically. The overall record will be shared with the finance committee. An Annual external audit is done by a chartered accountant and the reports are submitted to the management. The finance committee ratifies the reports during the finance committee meetings conducted every year. The remarks raised by the auditor are complied with in the stipulated time. The funds received from the government and other agencies are audited and the reports are sent to the funding agencies as per the guidelines.

#### 6.5 – Internal Quality Assurance System

6.5.1 - Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	Exte	rnal	Internal		
	Yes/No Agency		Yes/No	Authority	
Academic	No	Nill	Yes	Institute Internal Audit Committee	
Administrative	No	Nill	Yes	Institute Internal Audit Committee	

6.5.2 - Activities and support from the Parent - Teacher Association (at least three)

1. A meeting of Parent - Teacher is conducted once a Year. Feedback on curriculum and facilities is taken in prescribed format from the parents and is analyzed for further improvement. 2. Student mentoring and details of the ward will be shared to the parents through mentors. 3. Monthly Attendance reports of their wards are sent to the parents through post. 4. Mentors Personally make a calls to the parents to inform about internal marks and external marks of their wards.

6.5.3 – Development programmes for support staff (at least three)

 Skill development programmes are offered to the staff at no cost. 2.
 Encouraged to improve the qualification through continuing education or distance education . 3. Well Equipped Sports and Gym activities.

6.5.4 - Post Accreditation initiative(s) (mention at least three)

1. Proposed to apply for NBA Accreditation for the eligible branches 2.

AITS makes the campus an ecofriendly. The campus is fully moderated with a lush green environment which is conducive for teaching and learning process. The following initiatives are taken by the institute to make the campus ecofriendly. 1. Pedestrian roads are provided in appropriate locations. Vehicle parking is provided at the entrance of the campus main gate so as to enable the members to use pedestrian roads. 2. Plastic free campus: Usage of the plastic is reduced to a great extent by inculcating awareness among the faculty and students. 3. All the sports arena is completely maintained with a lush green aesthetics. 4. Water Harvesting 7.2 - Best Practices										
		institution	al best practices							
	7.2.1 – Describe at least two institutional best practices									

Best Practice 1: Title: Implementation of Outcome Based Education approach Objectives of the Practice: To assess students learning and effectiveness of all educational and operational activities Context: In the OBE model, outcome assessment plan is prepared and informed to all stakeholders. It has defined standards of Performance and academic expectations from students in the form of

learning outcomes at course level and Programme level. The Practice: A set of graduate attributes are defined and aligned at all levels. The statements of learning outcomes are articulated from the graduate attributes. The learning outcomes are defined for all Programmes and courses using measurable action verbs (blooms' taxonomy) to assess students' learning at the end of the Programme and course respectively. These outcomes are assessed by using at least one direct and one indirect assessment tool. Attainment of outcome indicates that the corresponding PEO is achieved. As these objectives flow from University level to domain, institution and Programme level, and achievement of PEO indicates the corresponding objective at all levels is met. Some of the assessment tools are developed online and the results are reported in the standardized format domain-wise. Based on the results of implementation of outcome assessment, gaps are identified. The whole process is taken care of by the programme assessment committees constituted at the department and institutional level for the purpose. Evidence of Success: It helped in identifying the areas of improvement in diverse aspects of teaching and learning Departments proposed action plan in their implementation report for improvements in teaching pedagogy, infrastructure, learning resources, facilities and support system etc., which also served as an input during the Programme review and strategic planning of the institute. Problems encountered and resources required: Training of faculty to develop framework for alignment of PEOs with university objective and mission. Best Practice 2: Title of the practice: Learner Centric Pedagogy on Self-Learning Objectives of the practice: • To improve the technical and communication skills of a student • To apply the knowledge and skills for better communication and solve societal and industrial related problems. • To get placed in multinational companies The context: The context of this practice is to facilitate the students an environment of Selflearning at different phases through their curriculum. The flexibility in pace of learning on their own to improve the skills is an opportunity given for the students. Language labs are provided as an audit course in the curriculum to improve the communication of the students. The practice: The designed Curriculum encourages the students towards self-learning. The pedagogical approach from teacher centric learning is changed to learner centric approach through the seminars and library hours for self-learning. Usually as per the curriculum the students have to present the seminars as per the schedule given by the faculty at the starting of semester. The selection of topic for the seminar presentation is preferably from the reputed journal papers. After finalizing the topic, the student will go through the journal paper thoroughly for effective presentation during the seminar. This makes the student to enhance the knowledge by studying and understanding deep the current developments in the field which is published in the form of journal paper. As the papers are high standard and communicated the content in a more effective way, the students are in a position to identify the problems and make use of the grammar more effectively for the presentation. The students are encouraged to talk about any topic in the last five minutes of the last hour of morning and afternoon sessions. This practice familiarizes the students for the effective use of the stage without any fear during the seminar presentations. Evidence of Success: Following this approach continuously enhances the confidence of the students as their communication is improved a lot. The selflearning approach enables the students to identify the problem for their project work in the final year in a more easy manner and results in the publications or innovations quite a few. The evidence of success in observed in increase in the placements and the comments from the employers about the students and their communication during the interviews. Problems Encountered and Resources required: Students admitted at this institute are mostly from rural areas so self-learning right from first year onwards is a bit tough job for them. Constant motivation and continuous efforts are done by the faculty for betterment yet few students are not turned in for self-growth. The fear of

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

#### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Institutional Distinctiveness to Vision Institution was established in the year 1998 by "Annamacharya Educational Trust" with the motto "Vidwan Sarvatra Pujyathe". The watchwords of the trust are "Educators are worshipped everywhere" which resembles the importance of education for the students from rural areas. The institution had a vision of enlightening the students coming from rural areas. The vision of the institute is "We impart futuristic technical education and instill high patterns of discipline through our dedicated staff who set global standards, making our students technologically superior and ethically strong, who in turn shall improve the quality of life of the human race", which consists of four aspects essentially: Global Standards, Technologically superior, ethically strong and discipline. Though Education is its primary duty which is fulfilled through discipline is the key aspect focused in the institute. Our leadership firmly believes that knowledge acquisition, together with personal growth and development, is the central part of students' education. The aim is to create lifelong learners not only possessing higher level academic skills but also excellent transferable skills and appropriate graduate attributes. Since the inception in 1998, we practiced and nurtured exemplary teaching and learning methodologies to achieve this aim. Teachers are empowered through training programs, workshops and innovative research and development. After UGC granted Autonomy in 2011, we designed and developed our own curriculum wherein academic and co-curricular programs meticulously inducted to engage student's mind, stimulate their understanding beyond their self-imposed limitations. We paid attention to align the culture of the institution, the curriculum, the co-curriculum and the sense of campus community. Our distinctive teaching methodology strengthened with studentcentric educational activities, plays catalyst and encourages students to learn and apply knowledge in real life. The significance of traditional dimensions of teaching and learning to shape values, identity, and purpose in a student is not forgotten. Instead, practice of active and engaged pedagogies such as service learning, problem-based learning, experiential learning, collaborative learning, group discussions and public speaking, have been found to be effective in molding a budding engineer into a versatile individual. These practices are effective not only in supporting academic learning, but also learning moral and civic engagement in students. Interaction with peers during symposia and technical fest has been a vital aspect of education experience of our students. Exposing students to new experiences and perspectives - whether in the classroom, field trips, educational tours - and providing opportunities to listen to industry experts and eminent personalities during special talks offer powerful learning experiences that shape student's all-round development. Value-added courses such as Gender Sensitization, Professional Ethics and Human Values, Stress Management in the curriculum also influence students' attitudes and awareness of self, their roles and responsibilities in society. Students experience personalized learning and our distinguished faculty members offer right balance of learning combined with practical knowledge. Our efforts are towards helping students not only to thrive in volatile times, but also attain individual excellence. All said and done, an institute needs a visionary leadership to promote holistic student development as the

#### 8. Future Plans of Actions for Next Academic Year

To sign MoU's with foreign universities for student exchange and faculty exchange for research: Collaborations are the most important in the technical institutes. Though the institute has MoU's with the industry for various activities related to students yet the collaboration with a foreign university marks the potential development of the institute. In the future there is a desire to sign MoU with foreign universities for student exchange and faculty exchange for research which enriches the research activities in the institute and leads to quality publications in high impact factor journals. To increase the number of short term courses, workshops, Faculty development programs under various departments: Continuous learning is the essential feature of any educational institute to keep up with the advancements in the Science and technological fields. Curriculum is revised for every two years to facilitate the students of this institute to meet the requirements of industry/ Multi-national companies/ Global market. However the limited resources unable to fetch the emerging areas in the curriculums so to bridge the gap between the curriculum and current developments several programs like short term courses, FDPs, workshops are organized every year. There is a need to increase the programs to meet the requirements of the industry/Companies.
