Junior Engineer, MILITARY ENGG, SERVICE
Alumni of AITS 2015-19 Batch

 Date : 21/09/2024
Time : 09:15 AM to 10:15 AM

C AJAY KUMAR REDDY
Student Coordinator

S ASHRAF ALI
Faculty Coordinator

Dr. T NARESH KUMAR
HoD, CE

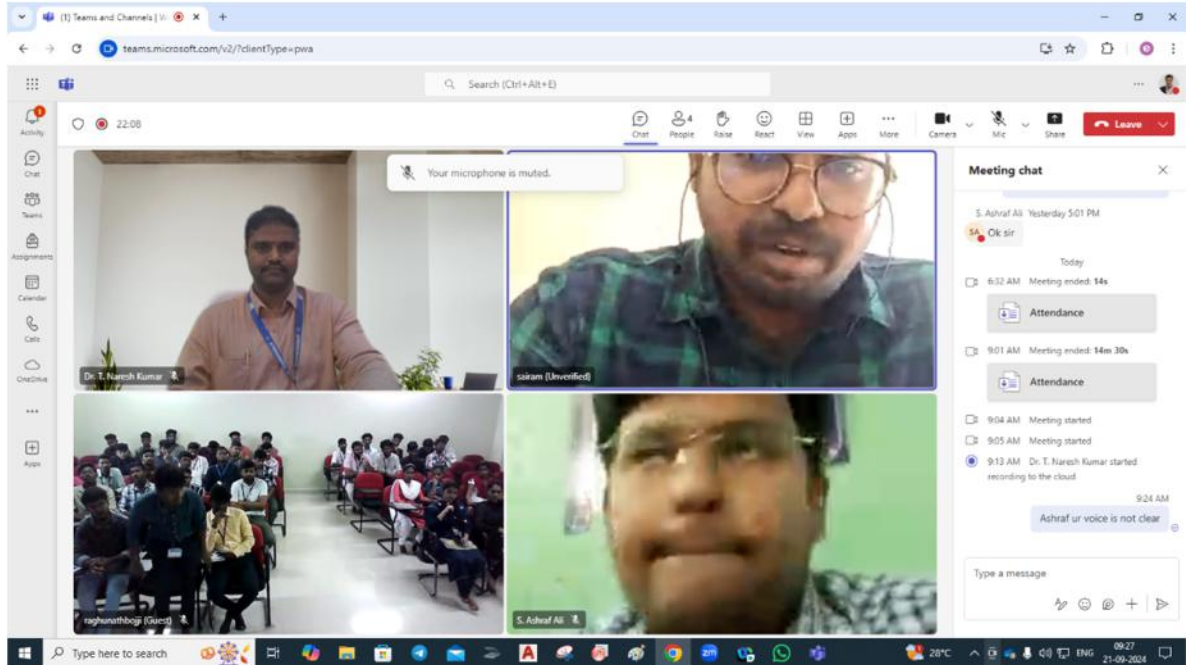

Dr SMV NARAYANA
Principal, AITSR

Mr. Gali SaiRam is a distinguished alumnus of Annamacharya Institute of Technology & Sciences, Rajampet, having completed his B.Tech in 2019. During his time i.e., 2015-2019 Batch at the institute, he was actively involved in various curricular and extracurricular activities, demonstrating both leadership and commitment.

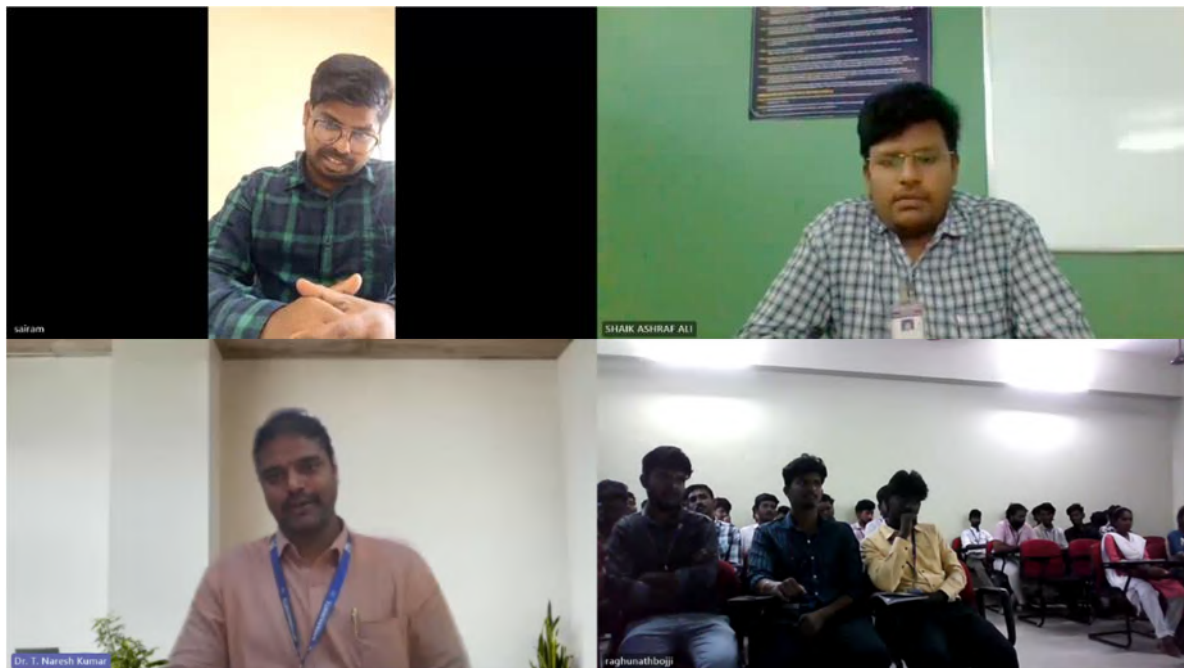

Following his graduation, Mr. SaiRam focused on preparing for various state and central-level recruitment examinations. His efforts paid off as he successfully cleared several competitive exams, including **DFCCIL-JE** (Dedicated Freight Corridor Corporation of India Limited -

Junior Engineer) and **APPSC-AE** (Andhra Pradesh Public Service Commission - Assistant Engineer). In addition, he achieved impressive results in the **GATE** exam, securing ranks of **5000 in 2020** and **2000 in 2021**, and also cleared the prelims of the prestigious **ESE** (Engineering Services Exam).

Currently, Mr. SaiRam is working as a Junior Engineer with **Military Engineering Services (MES)**, where he has been serving for the past two years. Notably, he recently completed a project worth **₹2.58 crores** and has been involved in various maintenance works, further enhancing his expertise and professional accomplishments.

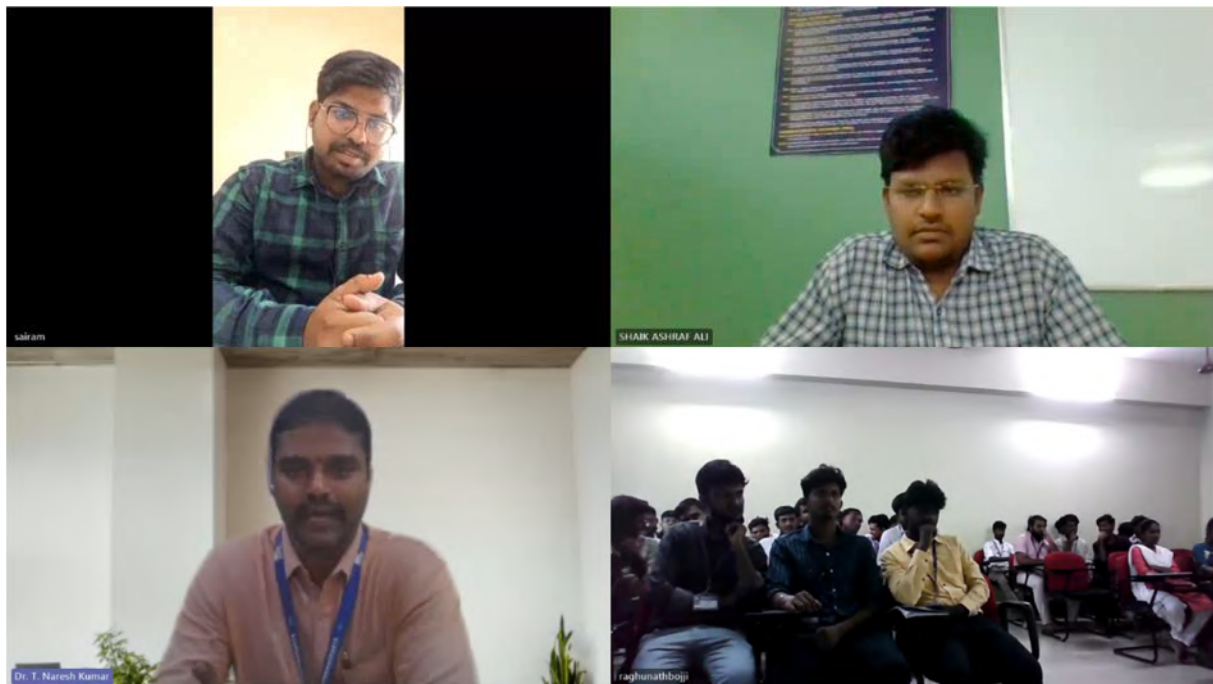

As part of the “Weekend with Alumni” series, Mr. SaiRam shared his experiences with the current i.e., Admitted batch 2021 B.Tech students. He elaborated on the challenges and

strategies he employed to secure a central government job, offering valuable insights into his journey. During the interactive session, he discussed the growth of the department and how the faculty in civil engineering department provided him with practical knowledge through well-structured labs and classes, which played a key role in shaping his career.

Students posed several questions about practical work on-site and the challenges they might face as freshers. Mr. SaiRam answered these queries in detail, sharing his own experiences from when he started his career. He also encouraged students to consider pursuing higher studies abroad and discussed the opportunities that come with it. In addition, he provided guidance on effective preparation strategies for cracking government sector exams.

Mr. SaiRam concluded the session by sharing his long-term goal of joining the **Indian Engineering Services (IES)** and expressed his determination to achieve this milestone in the near future, inspiring students to aim high in their own careers.
