

Memorandum of Understanding (MOU)

Between:

**Annamacharya Institute of Technology & Sciences & Cyber Metric Services (India)
Pvt. Ltd (CMS)**

This Memorandum of Understanding is entered into by Annamacharya Institute of Technology and CMS to describe how CMS will partner with Annamacharya Institute of Technology in training their Civil engineering students on Revit Architecture/3DSMAX & Auto cad.

CMS is an established Training Center since 23 years and under this MOU, CMS will conduct AutoDesk certified Training to Engineering College students.

Roles, Responsibilities and Services to be provided by CMS:

- CMS will conduct training on Revit Architecture/3DSMAX & Autocad to students.
- The training will be conducted (4-6 hours per day/week)
- CMS has define a training structure :
AutoCAD: 60 hours & Revit Architecture/3DSMAX: 80 hours
- CMS will be responsible for good quality of training delivered by skilled trainers. This is to ensure that the students are able to learn professional skills enabling them to improve their employability skills as well as improve the opportunity for their selection in campus recruitments.

Roles, Responsibilities for Annamacharya Institute of Technology:

- Support CMS in enrolment of students in the Revit Architecture/3DSMAX & Auto cad Training programs.
- Support delivery of training through allocation of time for classes during the semesters.
- Provide required infrastructure for training – Training room, Projector, Training Lab with suitable computers for installation and training.
- Provide administrative support for delivering the training to CMS staff

Commercials:

- **CMS will charge Rs.3500 (Revit Architecture/3DSMAX) and Rs.1000 (Autocad) for each student for training and study materials required (online material), and global certification from Auto Desk.**
- The course fee can be shared between CMS and Annamacharya Institute of Technology & Sciences.

Duration and Modification of MOU:

The partners agree that the terms of this MOU are effective upon date of signature and will continue in effect for current year until April 2020, unless earlier modified by mutual agreement or terminated by both parties. If this program goes successfully, the MOU will be extended with mutual agreement and change in terms, if required and next batch of training will start immediately. Any partner to the MOU may request a modification of its terms with a written request expressly purporting to be such an amendment, signed and acknowledged by both parties to the MOU. Either party may cancel this MOU at any time for cause, or may cancel the MOU without cause with a 30 days written notice.

This MOU is meant to outline only general roles and responsibilities. Each party hereby agrees that specific program delivery strategies will be agreed upon in the future mutually and may be added as an attachment to this MOU.
