The data is analyzed and their suggestions are considered and placed before the Program Assessment Committee (PAC) for discussion and for possible incorporation in the curriculum.

1. English Communication of students requires more attention.

2. Lack of Professional Ethics in students
3. Teach the classes with slides or videos.
4. Provide more Guest Lectures.
5. Conduct more number of workshops and PPT presentations.
6. Alumni interaction with students is less.
7. Make a report on field visits and Industrial visits.
8. Units in syllabus relevant to the course are not good.
9. Text books and reference books by their international recognition to the courses are not fair.
10. Instead of two labs put three labs per semester.
11. Extra learning or self-learning considering the design of courses are less.
12. It is suggested to form MoU with reputed Industries so that students can have an opportunity to improve their knowledge practically.
13. Alumni suggested Personality Development Programs in order to impart ethics and Values into education and to shape the student character.

After detailed discussions, the above suggestions and recommendations are forwarded to Program Assessment Committee (PAC) for further action.
