To
The Principal

Sir,

**Sub: Invitation to the students for participation -
ATM I9 - A National Level Technical and Cultural
Fest - Reg.**

**I am glad to inform you that Annamacharya Institute of
Technology and Sciences, (Autonomous) Rajampet
organazing ATM-I9, a National Level Technical and
Cultural Fest from 14th February to 16th February 2019.**

**The main objective of the event is to encourage young
and energetic students of engineering, computer
applications and business administration to share their
knowledge with their peers and learn about the latest
trends and developments in their chosen domains. We
request you to kindly depute some of the students
from your college.**

**The brochure and Poster are enclosed for your circulation.
I look forward to enthusiastic response and extended

About the Institution

Annamacharya Institute of Technology & Sciences, Rajampet got off to a spectacular start in 1998, patronized by a group of philanthropists led by Sri Choppa Gangi Reddy.

Sponsored by Annamacharya Educational Trust (AET), Hyderabad, the institution is housed in a lush-green campus of 32 acres near Tallapaka, the birth place of Padakavitapitamaha, **Annamacharya**.

AITs offers B. Tech. in Civil, EEE, Mechanical, ECE, CSE & IT, and M. Tech. in CAD/CAM, DECS, VLSI System Design, Embedded Systems, CSE, EPE, EPS, Structural Engineering & Machine Design, in addition to MBA and MCA.

The institute is located on Chennai – Mumbai highway, 50 Km from Kadapa & 95 Km from Tirupati.

The institute is grandly celebrating ATM-19, a Technical and Cultural Fest, From 14th to 16th Feb 2019

Dates & Themes of the Technical Fest**14-02-2019****Dept. of ECE**

VLSI / Nano / Embedded Technology - Digital Signal / Image / Speech Processing - Applied Electronics / Communication Technology - Instrumentation and bio medical.

Dept. of EEE

LATEST Energy Storage Technologies - wide area measurement systems - Wide band gap elements applications in Power Electronics - Smart Grid & Integration - Energy Conservation & Management - Connected appliances & smart Meters - IoT in Electrical & Electronics Engineering - Green & Renewable Energy Technologies - Energy Harvesting Techniques - Hybrid Vehicles - Fuzzy logic controller applications - Intelligent Management of Electrical Systems in Industry - Power quality - Latest Developments in Power Electronics & Adjustable Speed drives.

Dept. of IT

Advanced computing techniques - Soft computing & Machine Intelligence - Information & network security - Ubiquitous computing - Mobile adhoc networks (MANETS) - Internet of Things (IoT) - Data Sciences

15-02-2019**Dept. of ME**

CAD/CAM/CIM/ Robotics/ MEMS/Nano technology / Knowledge Management Manufacturing - Advanced Energy Technologies - Thermal Engineering - Advances in Manufacturing/ Processing Technology - Advanced Composites & Manufacturing - Advances in Engineering Design - Advanced Optimization Techniques - Smart Materials, Bio-Materials - Mechatronics & Surface Engineering.

Dept. of CSE

Data mining / Big Data/ Database Technology Cloud Computing / Mobile Computing / Android Social Network Analysis / Cyber crime - Software Engineering / Software Testing/ Design Pattern Wireless Sensor Networks/ Cognitive computing / Robotics - Internet of Things (IoT) - Data Sciences.

Dept. of CE

Advances in Structural Engineering - Durability & Sustainability - Geotechnical Engineering - Environmental Engineering - Water Resources Engineering - Transportation Engineering - Construction Technology & Management - Computational Engineering - Nano Technology in Civil Engineering - Remote sensing & GIS

16-02-2019**Dept. of MBA**

Green Management - Cryptocurrency - Indian Economy - e-Commerce - Digital Marketing - Impact of GST on Indian Economy - Contemporary Issues in Financial Sectors - Digital Economy and Skills for Future - Roll of HRD Manager's in Information age - Digitalization of work and its impact on working relations - Rural Marketing - Women Safety at workplace.
