

Department of Artificial Intelligence & Data Science  
International Conferences 2021-2022

<b>SNO</b>	<b>Title of the Paper</b>	<b>Name of the Author</b>	<b>Name of the Conference</b>	<b>Month and Year of Publication</b>	<b>ISBN</b>
1	Selective Authentication Based Geographic Opportunistic Routing in Wireless Sensor Networks for Internet of Things Against DoS Attacks	Dr. P Phanindra Kumar Reddy	National Conference on Emerging Trends in Engineering & Technology	15-09-2021	
2	Character Segmentation of Handwritten Text of Support Vector machine(SVM) Using machine Learning	Mr.B.Pandu Ranga Raju	International conference on multidisciplinary research in engineering , science, management, humanities and education	07-05-2022	978-93-91535-32-2
3	Design and Evaluation of a Deep Learning Algorithm for Emotion Recognition using Convolutional Neural Networks(CNN)	Mr. B.Pandu Ranga Raju	International conference on multidisciplinary research in engineering , science, management, humanities and education	08-05-2022	978-93-91535-32-2
4	Loan Default Forecasting Using Machine Learning	Mr.P.Nagendra	International conference on multidisciplinary research in engineering , science, management, humanities and education	07-05-2022 to 08-05-2022	978-93-91535-32-2
