Annamacharya Institute of Technology & Sciences, Rajampet Community Radio Station organized Student Out-Reach program – Interaction with the farmers of the Koparupalli, AKe padu on 08.06.2023.

Students of II B.Tech ECE participated in this event. Nearly 25 students were attended in this farmer's interaction program. All the students were divided into four teams to conduct interaction program with different farmers and to know their agricultural process, to find the deficiencies and to work in the direction to provide suitable technical solutions in the form of technical projects carried out by the student's teams.

Students performed basic ground work before going and interacting with the farmers. They have prepared a set of question which are to ask the respective farmers in order to get the know how's of their agriculture cultivation process. Audio Recording were taken from the farmers. The students are about to test the recorded audio and then they edit the program later it will broadcast in our Annamacharya Radio 89.6MHz. This event organized under Community Radio Station activities in association with the department of ECE. Dr.K.Prasad, Associate Professor & Director-Annacharya Radio organized this event.
